The attached sheets (5 sheets) of drawings include changes to Fig. 1 to 5 and replaces the original sheet 3/5 Figure 1 with sheet 1/5 and 2/5 Figs. 1 to 5. The replacement sheets with drawing objection corrected to overcome the technical rejections. The attached red-marked sheet 4/5 and 5/5 indicates in red the correction made to Fig. 1 to 5.

REMARKS—General

The specification and claims 2 to 4 have been amended editorially and to correct those errors noted by the examiner. The replacement sheets with drawing objection corrected to overcome the technical rejections.

The examiner was very helpful and patient with the applicant. The applicant appreciated the examiner's valuable time and feedback.

The Objection To The Specification And The Claims Rejection Under 35 USC § 112

Under 35 U.S.C 132 (a) states that no amendment shall introduce new matter into the disclosure of the invention. New matters such as shape outside of rectangular, the use of poly fiber material, and the description of pouch tightly sealed with stitching have been removed from the specification and claims 2 to 4.

Regarding claims 2 to 4, the word “means” is preceded by the word(s) “compartment” has been replaced with “assemblies”. Insufficient antecedent basis for claim 5 in line 2 has been removed. In line 2 of claim 1, errors noted by the examiner have been corrected.

The Objection To The Drawings Under 35 USC CFR 1.121(d).

The drawings are objected to because the Figures are not listed in sequential order. Regarding the brief description of the drawings and description of the preferred embodiment, FIG. 2-6 are renumbered to show drawings consistency. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are attached as sheet 1/5 and 2/5 to comply with the Office action. The original drawing Figure 1 (sheet 3/5) has been replaced by fig. 1 to 5 (sheet 1/5 and 2/5). The attached red-marked sheet 4/5 and 5/5 indicates in red the corrections made to Fig. 2 to 6 to show the renumbering of the figures and to show the corrections of drawings consistency.
